Vinyl Fence and Railing Cleaning and Maintenance Guide

Enduris vinyl fence and railing products are aesthetically pleasing, durable and easy to maintain. Like all other low maintenance exterior products that are regularly exposed to the elements, vinyl fence and railing will require cleaning from time to time. With very little effort, you can keep your vinyl products clean. In most cases only water from Mother Nature or a hose is required. If stains are a little more stubborn, just follow these easy instructions:

- Wash vinyl products with a soft cloth or long handled soft bristle brush (similar to what you would use on your vehicle).
- If the stain is difficult to remove, wipe down with one cup of Simple Green® or equivalent mixed with one gallon of water. The solution can be put in a spray bottle, sprayed on and wiped off quickly with a soft cloth. You can also mix 1/3 cup mild detergent such as Tide® or equivalent, 2/3 cup household cleaner such as Spic & Span® or equivalent with one gallon of water. Rinse all cleaners with water before they dry.
- Should more persistent stains exist, refer to the chart below. Follow the precautionary instructions on the container label. Protect all vegetation from direct contact with the cleaning agent.
